

R. B. BENNETT'S ENTRY INTO PROVINCE SIGNAL FOR A CAMPAIGN OF PERSONAL ABUSE

PREMIER OF ALBERTA SPEAKS IN CALGARY

Sifton and Candidates McDougall, Ross and Jones Address Monster Meeting

SOUTH IS WITH GOVT. SAYS THE PREMIER

Sharp Rebuke Handed Out to R. B. Bennett for Campaign of Personalities

By Bulletin Leased Wire.
Calgary, April 4.—The Liberal today selected Mr. John MacDougall to stand for the Centre Calgary riding, filling the place made vacant by the resignation of G. G. Devanish, who was called out by the election of his father, Mr. MacDougall came to what is now Alberta in 1869.

Special to the Bulletin.
Calgary, April 4.—A political banquet "was the centre about which the campaign was now being waged," Mr. Bennett said at the time an interview given by the federal premier to a local reporter which it was stated that the issue of the campaign was now clearly defined. Mr. Bennett said that the issue was whether the government of the province or to those who exploited their office for personal purposes. Such a charge came with ill grace from a man who controlled the greatest combine in the province, the electric and gas companies, and from the man whose partner in business had appeared before the government in the interests of the same against the machinery bill.

Not a single member of the government had ever exploited his office for personal advantage and it had been the aim of the government to bring the province into a campaign of personal abuse. Mr. Bennett might embark on a campaign, but it was not the idea that the government had in view, though every charge, false as it was, would be met with a direct and emphatic denial.

With Southern Prospects.
The premier, who came into Calgary in the afternoon after a strenuous campaign in the southern portion of the province, said that he was eminently pleased with the reception which had been accorded to him and the various Liberal candidates in the province, but he was not at all sure that the government had in view, though every charge, false as it was, would be met with a direct and emphatic denial.

Concluding a long and interesting speech, in which he reviewed the situation, the premier said that every vote cast for the government was a vote cast for the people as against the corporations, and every vote on the other side was a vote against the best interests of Alberta.

Many Elements Squelched.
There were frequent interruptions during the meeting, but the premier steadily got the better of the noisy element, who had been imported into the hall to cause a riot.

One asked: "What of your brother?"

"I have more for the west than he has in politics and he is now out of them," the premier said. "I have more than asked Rev. John MacDougall if he had ever seen the premier in place of risk and honor. Mr. MacDougall said he had not, but he understood that that was right, as he had worked on the first 100 miles of railway constructed in the province prior to Rev. John MacDougall, the veteran was in the afternoon devoted as the candidate in Centre Calgary in place of risk and honor. Mr. MacDougall, along with the other two candidates, Clifford Jones, George Ross, addressed the meeting. Mr. MacDougall had a rousing speech, and the Liberal and the program made by the present government during its term of office.

Mr. Short Presides.
James Short, K.C., presided over the meeting. He said that the party was fortunate in having candidates who inspired confidence among the people.

C. P. R. WILL ELECTRIFY ROGERS PASS TUNNEL

Practically Certain That Will Be Done Before Year-End

Winipeg, April 3.—"No nothing is absolutely decided upon, it is practically certain that the Rogers Pass tunnel under the Selkirk mountains will be electrified," said G. J. Dury, vice-president of the C.P.R. This morning, Mr. Dury explained that tenders were now coming in for the work and that the successful tender would be selected about the twentieth of the month.

After that, said Mr. Dury, "we shall decide definitely, but I am practically assured that the line will be electrified."

The tunnel is to be five and a fifth miles long, and is to be equipped with 110,000 volts.

POSTPONED NAVAL BILL MONDAY

Liberals Show Up Inconsistent of Government on Japanese Question

Ottawa, April 3.—The announcement made on the 2nd inst. that the Japanese navy bill would be introduced on Monday was not fulfilled. It became apparent that the discussion of the bill would be postponed to Monday. The bill was introduced in the House of Commons on Monday, April 4, 1913. The bill was introduced in the House of Commons on Monday, April 4, 1913. The bill was introduced in the House of Commons on Monday, April 4, 1913.

The discussion of the Japanese navy bill took place in committee and was confined largely to the issue of policy of exclusion and immigration. Liberal members were disappointed to find that the government had not introduced the bill. The bill was introduced in the House of Commons on Monday, April 4, 1913. The bill was introduced in the House of Commons on Monday, April 4, 1913. The bill was introduced in the House of Commons on Monday, April 4, 1913.

Mr. White, Mr. McLeod said that the bill was a good one but not as good as the bill system he had suggested. In the latter part of the bill, Mr. McLeod said that the bill was a good one but not as good as the bill system he had suggested. In the latter part of the bill, Mr. McLeod said that the bill was a good one but not as good as the bill system he had suggested. In the latter part of the bill, Mr. McLeod said that the bill was a good one but not as good as the bill system he had suggested.

HE REPEATS ANSWER GIVEN TO THE COMMONS

Speaker Landry, of the Senate, Replies to Mr. Roche Regarding Postponement of the Prime Minister

Ottawa, April 3.—In the senate today Senator Roche asked if Senator Landry would be willing to answer the question of the postponement of the prime minister's answer to the commons.

SHOULD WEST PAY HIGHER RATE ON LOANS

Why Charge Seven and Eight Per Cent Here and Only Six in the East?

THESE QUESTIONS ASKED BY BANKING COMMITTEE

H. C. McLeod, Former Manager of Bank of Nova Scotia, Gives His Views

By Bulletin Leased Wire.
Ottawa, April 3.—Before the Commons committee on banks and currency today, Mr. H. C. McLeod, former manager of the Bank of Nova Scotia, continued his evidence and under examination by the different members of the committee, explained the views upon the money question at home.

He dealt first with audit, stating that the bank was not in a position to pay a higher rate on loans.

Mr. McLeod said that there should be a board of auditors nominated by the bank managers and that the bank should be allowed to pay a higher rate on loans.

Mr. McLeod said that there should be a board of auditors nominated by the bank managers and that the bank should be allowed to pay a higher rate on loans.

ANOTHER FRIEDMANN PATIENT IMPROVING

St. Thomas Woman, After No First Effect, Now Satisfactorily Shows Change

London, Ont., April 3.—The St. Thomas woman who is at the Victoria Hospital suffering with tuberculosis of the lung and who was treated by Dr. J. W. Friedman is apparently much improved. There was no change in her condition until the last few days. Now she is reported to be feeling much better than when she was first treated.

Verdict of Man-lantern.
Hamilton, April 3.—Thomas Hiley, who has been under arrest on the charge of murdering the wife, two months ago, was tried today and the jury brought in a verdict of guilty.

Intense Excitement Caused at Lunelleville, Aviation Explains They Were Lost in Fog

By Bulletin Leased Wire.
Lunelleville, France, April 3.—The German military dirigible Zeppelin, which was lost in the night, was found to have crashed in the forest. The incident has caused tremendous excitement, notwithstanding the fact that the German officers aboard the dirigible explained that they had been lost in the clouds and did not know they had crossed the French frontier.

The inhabitants of the Eastern frontier regions of France have been much agitated the last few weeks on reports that German dirigibles had been observed on several occasions hovering over the forests. But the stories, which were made up by the French press, were never properly substantiated.

The people of Lunelleville were therefore considerably startled shortly before the Zeppelin was sighted. The dirigible appeared at a great height in the clouds, coming from the direction of the North. The airship was lost in the fog, but it was seen to be having a battle with the wind and that he was making an effort to reach the earth. Finally a safe landing was made in the parade grounds, where two squadrons of cavalry were drilling.

The cavalrymen rode up and formed a cordon. They caught the Zeppelin before the dirigible could escape. The Zeppelin was then moved to the parade grounds.

SCHOOLS OF CITY BADLY CONGESTED

(Continued From Page One)

ing that the privilege of using school children's street. The school to students had been withdrawn, owing to its closure.

Street Car Fares.

Mr. McCall referred to the high school pupils. He said they had never abused the privilege, and it was unfair that they should be discriminated against.

The chairman agreed with that view, and K. W. Mackenzie said it was a distinct hardship to bona fide students.

The chairman and Mr. McCall were asked to wait on the commissioners and explain the situation.

P. W. Hohnan was asking for the use of the McCall avenue assembly hall on April 9th and 10th, for the Edmonton branch of the International public relations association, to be held on the usual terms.

Two Teachers' Increases.

Two members of the staff, Miss Ruby C. Jewett and Miss Katharine Tackey, were thinking the board for the recent increase in the salary schedule, but thought their salaries should at least equal those of the male teachers, as the work was identical.

Heads of the same. The board took action in the matter, Mr. Hutchins expressing the opinion that the school could not be changed with every passing opinion.

Miss Muriel P. Tuffy, of the Normal Extension school, wanted remuneration for doing extra work.

The tender of W. H. Clark for the supply of manual typewriters, and physical apparatus for the Normal and High schools, was accepted.

The question of the domestic science equipment was left to the special committee.

On the recommendation of the building committee, it was decided to use Portland cement in building the John A. McDougall school, and the estimated cost was \$11,412.

Vote at East End School.

It was decided to spend \$15 in putting a fence round the tennis ground in the East End school grounds. Some discussion took place with regard to this matter.

Mr. Barnes stating that it was a peculiar thing to use part of the grounds for a tennis court, that was the suggestion on the part of some of the ratepayers that the grounds were not good enough. It transpired, however, that \$150 had already been spent on the courts, and it was therefore decided to complete the job.

The building committee was authorized to purchase the necessary shares for the McCall, Norwood and High schools, at a cost not to exceed \$100 per school.

There was quite a long discussion when Mr. Barnes introduced his motion naming the new H.L.H. school the "John A. McDougall" school, and the Norwood Extension school the "H. A. Gray" school. K. W. Mackenzie expressed the idea of naming schools after public men, but the motion carried.

Damage at Parkdale school.

The building commissioner reported that the damage to the Parkdale school through the recent fire would amount to five thousand dollars. It had not been for the fireproof construction of the staircase, and the partitions being constructed of steel, the building would have been much more seriously damaged.

The board, the idea of continuing "had been of reinforced concrete under conditions being equal, the damage would probably not have exceeded five hundred dollars, except building would have been ready for occupancy again in a few days."

This day at the recent session of the board against reinforced concrete floors caused much merriment.

On the recommendation of the school management committee, F. Maxmady's resignation from the caretaker of the Westmont school was accepted, to take effect March 21st, 1913. Mr. Maxmady was appointed caretaker of the Westmont school, to assume duties April 1st, 1913, and John Wrenth, formerly caretaker of the Delton school, was appointed to the caretaker of the Westmont school, at schedule salary, and with duties to commence as soon as the school is opened.

The resignation of Miss Mabel E. Heard was accepted, to take effect April 30th, 1913.

The Misses Ruth Curd and J. L. Porter, of the teaching staff, were granted leave of absence for three months without salary.

Mrs. M. L. Stephen was provisionally appointed as substitute teacher in the school.

It is some Matches are Made in Heavenwell.....there's a whole lot made in Hull.....and they're the right kind.

Mr. Barnes stating that it was a peculiar thing to use part of the grounds for a tennis court, that was the suggestion on the part of some of the ratepayers that the grounds were not good enough. It transpired, however, that \$150 had already been spent on the courts, and it was therefore decided to complete the job.

The building committee was authorized to purchase the necessary shares for the McCall, Norwood and High schools, at a cost not to exceed \$100 per school.

There was quite a long discussion when Mr. Barnes introduced his motion naming the new H.L.H. school the "John A. McDougall" school, and the Norwood Extension school the "H. A. Gray" school. K. W. Mackenzie expressed the idea of naming schools after public men, but the motion carried.

Damage at Parkdale school.

The building commissioner reported that the damage to the Parkdale school through the recent fire would amount to five thousand dollars. It had not been for the fireproof construction of the staircase, and the partitions being constructed of steel, the building would have been much more seriously damaged.

The board, the idea of continuing "had been of reinforced concrete under conditions being equal, the damage would probably not have exceeded five hundred dollars, except building would have been ready for occupancy again in a few days."

This day at the recent session of the board against reinforced concrete floors caused much merriment.

On the recommendation of the school management committee, F. Maxmady's resignation from the caretaker of the Westmont school was accepted, to take effect March 21st, 1913. Mr. Maxmady was appointed caretaker of the Westmont school, to assume duties April 1st, 1913, and John Wrenth, formerly caretaker of the Delton school, was appointed to the caretaker of the Westmont school, at schedule salary, and with duties to commence as soon as the school is opened.

The resignation of Miss Mabel E. Heard was accepted, to take effect April 30th, 1913.

The Misses Ruth Curd and J. L. Porter, of the teaching staff, were granted leave of absence for three months without salary.

Mrs. M. L. Stephen was provisionally appointed as substitute teacher in the school.

SEDGEWICK TORIES NAME CANDIDATE

First Choice of Convention, H. A. Drenay, Decided He Could Not Accept Nomination and Wm. Watson Then Was Selected.

Bulletin Special.
Sedgewick, April 3.—The Conservatives of the Sedgewick constituency met here this afternoon in convention for the purpose of organization and nominating a candidate to contest this riding in the coming provincial election. Delegates being present from all parts of the constituency. The meeting was called to order by H. A. Drenay, who had been chosen temporary chairman, and E. T. Matchett acted as secretary. The first order of business was the election of officers, which resulted as follows:

Hon. Pres. Right Hon. R. L. Borden; Hon. Vice-Pres. E. Michener; Leader of the opposition in the local legislature, president, H. A. Drenay; Sedgewick, first vice-pres. Wm. Watson; Viking, second vice-pres. J. A. Scott; Kilham, third vice-pres. J. A.

Pratt, Paganelli, secy.-treas. A. T. Matchett, Sedgewick. The executive committee will be appointed by the elected officers from representatives from various parts of the constituency.

A recent was taken to give the delegates an opportunity to talk among themselves regarding the nomination of a candidate. An order being given called the meeting was thrown open for the nomination of a candidate to contest the election, and the names of H. A. Drenay, A. A. Macdonald, E. Lard, Wm. Watson and F. R. Nichol were placed before the meeting. The latter four declined to take of Mr. Drenay was made the choice of the convention. He was very reluctant to accept and expressed his desire to consider the matter before finally deciding.

F. R. Nichol, of Kilham and E. E. A. Simons, of Leduc, this afternoon the delegates at some length on campaign work. As time for adjournment was drawing near Mr. Drenay stated that owing to his recent he must decline to accept the nomination. Adjournment was then made with evening. At the evening meeting Mr. Watson revived and accepted the nomination of the committee.

MAN FROM GLENGARRY CANDIDATE IN ACADIA

John A. McGill, Liberal Standard Bearer in New Constituency in Southern Portion of Province, Is Prospective Farmer, and Breeder of Pure Bred Clydesdales.

Youngstown, Alta., April 3.—The first convention of the Liberal party of the newly constituted electoral district of Acadia was held in the Rex Theatre at Youngstown, W. C. Robinson, harrier, of Youngstown, presiding over one hundred delegates. The purpose of the party was to indicate at the convention and every polling district in the riding was represented. The greatest harmony and enthusiasm marked the conduct of the proceedings from start to finish.

After the convention was called to order and the preliminary business disposed of the delegates nominated the following names to the convention as candidates: John A. McGill, R. C. Fraser, J. H. Alexander and J. Hallman, the first ballot Mr. McGill received a large majority of the vote cast. As soon as the result was

announced Mr. Hallman moved that the nomination be made unanimous. This was seconded by Mr. Fraser and carried amid a storm of applause. Stirring addresses were delivered by the candidate and also by Messrs. Fraser and Hallman.

The work of organization was then taken up. The Liberal Association of the District of Acadia was formed with Mr. Fraser as president, Mr. Hallman as vice-president, and Mr. Brady as secretary-treasurer, with an executive committee composed of one representative from each polling district in the riding. A resolution strongly endorsing the policy of Mr. Wilfrid Laurier and the fifteen adjournment was carried by a standing vote. The convention closed with three cheers and a tiger for Sir Wilfrid Laurier, Mr. Duffin and the candidate.

The Liberals of Acadia may well be proud of this, their first convention. The great interest shown in the cause, the harmony and enthusiasm that marked their first gathering and the evident determination to win this riding for the Liberal cause, indicates that the fight will be a singular one and a hard to the finish.

The Liberal party has in Mr. McGill a candidate who is undoubtedly

renowned among his fellow, a strong man and a farmer. He was born in the county of Glengarry in 1875 and came to the west in 1907. He established himself at Collingwood where he now conducts a large and prosperous farm and also keeps a stud of pure bred Clydesdales for breeding purposes. With Mr. McGill as their standard bearer the Liberal party go into the fight confident of victory on the 17th instant.

Buy Cuts \$1,000 Damages.
Winnipeg, April 3.—Yesterday a big named, killed Cuthbert, of 36 Cornish avenue, Winnipeg, was an ardent supporter of Mrs. H. A. Palmer, 27 Carlton street, and her son Walter, for \$1,000 damages for injuries received as a result of being knocked down by the defendant's truck car when he was crossing the Cornish street.

MONEY MARKET IS BECOMING EASIER.

London, April 3.—Mantolaba's 400,000 pounds, 4-1/2 per cent. loan at 102, closed early today, being over-subscribed. This is the most successful result of a Canadian issue in the London market for a long time, especially as loan issued at a premium rarely prove popular.

BRED BEST STEER ON AMERICAN CONTINENT

J. D. McGregor, of Brandon, Winner of Grand Championship at Chicago, a Judge at Spring Stock Show—Thinks Education Has Wonderful Exhibition Grounds.

J. D. McGregor, of Brandon, who is judging the fat stock classes at Edmonton and Calgary, used and fed the steer which won the grand championship of the world at Chicago last December. Mr. McGregor, although undoubtedly one of the best judges of beef cattle, has never before accepted an invitation to do this kind of work and Education was fortunate in securing his services in this respect. At Calgary he will adjudicate on the special car load lots of beef cattle for the \$1,000 prize.

Mr. McGregor is a director of the Brandon exhibition and one of the leading show men of Manitoba. He has never been to Edmonton Exhibition before and he was astonished to find the splendid grounds laid out here. Mr. McGregor's words were: "You have the finest grounds on the American continent and there is no reason

why you should not have the finest exhibition on the American continent. You have everything to make it. You have the country and the native grasses and you are getting the best class of stock into Alberta, as there are men here who are willing to pay the price to get the best."

As a life-grower Mr. McGregor is of the opinion that the farmers should get into alfalfa growing as quickly as possible, this feed being required to turn out the best class of beef for the market. Mr. McGregor is delighted with the Alberta climate and intends staying here for a little time longer. News received from his home in Manitoba was to the effect that a few days ago the thermometer registered 28 below zero, and it had been steadily cold for a considerable time. Meanwhile he is content to bask in the bright Alberta sunshine.

Strikers' Banks Added to.

Winnipeg, April 3.—The union painters of Winnipeg claim that since the strike began yesterday their ranks have been increased by over one hundred numbers. They express confidence that they will win. The only developments of particular interest today was the signing of a submission to Mr. Bennett, directed at the painters' union there. It was the strike and asking that the men be sent out.

NEW CITY DUMP IN H.B. RESERVE INACCESSIBLE

Temporary Nuisance Grounds at
Head of Eleventh Street Diffi-
cult to Reach

BAD SLOUGH BETWEEN DUMP GROUND AND CITY

Large Incinerator Located Beside
Power Plant Is Proposed By
Authorities

While the city commissioners, when they opened the present dump ground in the Hudsons Bay reserve at the corner of Thompson Crescent and Eleventh street, imagined that the location would be used only temporarily, it is quite evident that it will prove still more temporary than the commissioners expected. This is the simple reason that just as soon as the front is out of the ground, the dump will be as inaccessible to traffic as the top of Mount Robson.

A trip, partly by automobile, partly by a wagon going in that direction, along the road became too slippery just Sunday for auto travel, taking yesterday, showed in just what state the new dump ground is. Although it has been open only four or five days, the pile of refuse already in it of staggering proportions. An effort is being made to fill in the roadways of Eleventh street and Thompson Crescent park, which at this point intersects through a slough. The slough is all right, but it will be impossible when spring comes, as the refuse heaving to the dump have to go through the same slough, and the state of these roads may be more easily imagined than described. The commissioner who thought anything of his office would attempt to take them to the dump.

Although the commissioners have closed up the Grison street dump ground, because of complaints of one or two of the many residents of that district, there lies today in the city a large office document, signed by a majority percentage of these same residents, to the effect that they did not consider the dump a nuisance, and that they thought the district would be improved when the hillside was properly filled in and turned into a small park.

There now is a proposal to dump manure in that creek ravine during the coming spring and summer, but this is likely to arouse a protest, similar to the one that was heard from Grison street.

MUST TAKE DEFINITE STAND ON THE TARIFF

President Wilson Brought Face To Face With Serious Phases of the Tariff Revision — Cut in Tariffs, Rural Issues

Washington, April 3.—President Wilson was last night face to face with the most serious phases of the tariff revision. With the work of the house ways and means committee before him and an extra session of congress and a few days off, the president had proceeded deep enough in his study of the tariff bill to realize that before the Democratic caucus met there were many points upon which he himself must take a definite stand. It was admitted at the White House that he would do so "in a day or two."

How It Shall Be Passed.
It was declared that the president had not finally made up his mind as to whether the tariff should be revised schedule by schedule or in a single bill, whether sugar should be put on the free list or given a reasonable amount of protection and whether the income tax should be left at its present rate or graduated. These and kindred questions the president had not yet decided absolutely, but from what he told his callers today there was a well defined impression of his inclination.

Follow Tariff Revisions.
The president leans strongly to revision by a single bill. He thinks the income tax question is only decided after an agreement has been made upon tariff rates. He believes that sugar should go on the free list, but is open to conviction on that point.

The president is to discuss the tariff with his representatives in the House of Representatives. The tariff of free wool and on coming away from the White House, and he was perfectly well satisfied with the results of his efforts. It is known that the president believes in a big reduction in wool, but whether it extends to a removal of off too duty is a point that has not been definitely decided.

Members of the ways and means committee, after an all-day session yesterday in perfecting tariff bills, declared there was no substantial difference of opinion between the committee and the president over the duty to be imposed on firm products. The committee said the agricultural duties were five per cent in the new bill. President Wilson is understood to favor a further cut in some of them, members of the committee decided that a complete agreement would be reached with the president, without difficulty.

8300,000 Fire in Janelville, Wis.

WINTER WHEAT CONDITION.

Average is Better Than Last Year and
Above General Average.

Chicago, April 2.—Show's report for April 1st makes average condition of winter wheat 87.8 against 81.2 last year and an average of 86.2 for the past ten years.

The decline between December 1st and April 1st is 4.6 points against an average decline for that period during a series of years of 3.5 points.

Present condition is very uniform everywhere, only two states showing below 85, and only two above 90.

Conditions in the principal states are: Ohio 88, Michigan 78, Indiana 85, Illinois 89, Missouri 90, Kansas 85, Nebraska 85, California 78, Oregon 82, Washington 91, and Oklahoma 88.

Top growth is generally good, but the crop is well rooted and the acreage showing winter killing is very much smaller than usual.

PARTICIPATION BETTER THAN CONTRIBUTION

Hon. Geo. E. Foster, in the
House of Commons, March,
1892.

"The interest that you take in a contribution spent by another is not the interest that I desire for Canada. I want to see something grafted on the soil of Canada's nationhood which takes root and grows and develops until it becomes the spirit of defence in this country, leads to a participation in the defence, leads to that quickened interest in its duties, its honor, and its accomplished work, which is, after all, the one great thing that compensates a people for great expenditures, either on land or on sea, in the way of defence and of the maintenance of the rights of the country."

CHURCH UNION FINDS FAVOR WITH ANGLICANS

First Conference of Archdeaconry of
Edmonton Endorses Organ-
ized Union — New Union
of Edmonton to Be Formed Next
Autumn.

The first conference of the Archdeaconry of Edmonton was held, on April 2, at the St. James' church school room, with an attendance of 40 clergymen, churchwardens, lay delegates and lay readers from various parishes comprising the Archdeaconry.

The following clergymen were present:
The Lord Bishop of Calgary; Archdeacon Gray, Archdeacon Hoggins, of Calgary; Canon Webb and Hon. Canon Reverend Messrs. G. Boyd, C. H. Bailey, A. B. Flood, M. Ashby, C. Carruthers, A. Murphy, from Edmonton; F. B. Mercer, (Onaway); P. Chavre, (Conner); J. A. Partridge, (Sedgewick); W. Laverdure, (Colchester); G. D. Whitaker, (La. St. James); J. Mason, (Tulid); T. E. Streeter, (Leduc); W. H. Parnham, (Northbank); W. Alexander, (Waskawing); G. McGinnis, (Vegreville); O. J. Roberts, (Hatterburg); W. L. S. Jallak, (Paddle River); B. Teale, (Wabamun); W. R. Ball, (Green Court); R. T. Ingram, (Jasper); Fort Saskatchewan; A. C. French, (Swallowburg); G. S. Protin, (Edson), and several laymen.

Communion service was held at 4 a.m., after which the members sat down to an excellent breakfast provided by the ladies of All Saints. The business meeting was presided over by Archdeacon Gray. The question of organization was taken up, and it was decided to appoint a central council to deal with matters affecting the Archdeaconry and to arrange for the annual conference.

The following council was appointed by Archdeacon Gray at the request of the meeting: Rev. G. Boyd, Rev. H. Alexander, Rev. G. S. Protin, Mr. H. Brown, Esq., C. Rutherford, Esq.

U. B. Jackson was elected secretary of the conference.

Other matters of interest to the Anglican church were discussed at the morning session.

After luncheon the question of church union was very fully gone into and after an interesting discussion lasting some hours the following resolution, proposed by Canon Webb and seconded by Rev. C. Carruthers, was unanimously passed: "That this meeting of the Archdeaconry of Edmonton desires to put on record its recognition of the great injury that is being done by divisions among Christians and would urge the necessity of earnest prayer for the furtherance of organic unity such as our Lord may see fit."

We would hereby endorse the effort being put forth by the church to bring about a world-wide organic faith and order, as a step towards the furtherance of the kingdom of God on earth.

In the next session of the conference, to be held in the United States, the

the school room at which a large number were present and all with expressions of pleasure at the work which had been accomplished, and desire that the next conference last three or four days, instead of one.

During the day the Lord Bishop of Calgary spoke of the new diocese of Edmonton to be formed and stated that, in all probability, the formation would take place in September of this year.

Doctors Leave for Belgrad:
Berlin, April 2.—In response to a request for medical and surgical aid for the Serbs, and wounded at Sarajevo, the United States embassy, Dr. Berlin, by J. E. Jackson, American minister to Serbia, Dr. Edward A. Newton, of Pennsylvania, has formed a column composed of seven American doctors and students which will leave here tonight for Belgrade.

Night Lettergrams in Britain.
London, April 2.—Postmaster-General Samuel has announced the institution of a system of "night lettergrams." They are telegrams sent during the night at the rate of six words for a penny. They are delivered by the first mail in the morning with the idea of benefiting people who have missed the last post at night.

Premier in Innisfail.
Innisfail, April 2.—Premier Sifton will speak in the opera house here on Saturday night. Great interest is taken in his approaching visit to this constituency.

St. Pinkie, C.P.R. station agent, has been transferred to Wetaskiwin.

Fire yesterday afternoon completely destroyed a barn situated on the premises of Mr. Kemp, Whyte avenue. The fire brigade confined their attention to saving adjoining buildings.

LIBERAL MEETINGS

AROUND THE CORRIDORS

Oscar Heit, who has been on an extended housekeeping tour through the Peace River country, arrived in the city yesterday from a provision purchasing trip. Mr. Heit is registered at the Queen's, and after a short stay in the city will return to the north country.

J. V. Roe, who handles a large number of original scripts, some of which run into a big figure in dollars, is at the Corcoran. Mr. Roe covers all the territory between the Atlantic and Pacific coast, and through him practically every man of letter in Western Canada has purchased original manuscripts of various famous books.

J. M. Hatzon, resident of Groulx, is in the city on a short trip, and is a guest at the Yale. Mr. Hatzon is in his possession a very valuable first raw robe, which is one of the unique things of the north country. This robe has been valued according to the number of aches it contains. This one has 150 aches.

J. Grant, of Dufftown, Scotland, arrived yesterday in the city, registered at the King Edward. Mr. Grant, a perfect type of the Scot, is proprietor and owner of a famous Scotch whisky, which has branches in many parts of Scotland. The gentleman is on a short tour of Western Canada, and from here left for Calgary yesterday. While very much in the country, Mr. Grant just because he is typically Scotch, because the fact that Canada is taking to his old land the meat and best of her people.

A little relic of the old cowpuncher days was to be noted last night when two typically western riders dismounted before the Yale hotel. Their horses, two sturdy bronchos, were accompanied with high-peaked stock saddles and correct western ropes. On alighting the men threw the bridles over the horse heads, the lines dragging upon the pavement. This is an old and similarly efficient way of disposing of the horse's head, and is recognized by all true horsemen as the old days of the west country. A well trained cow pony once the line was thrown over its head, was as efficiently fed with twenty weights or posts. It was a very little thing, but it was a relic of the old days in this city, which is fast approaching metropolitanism.

Harry Taylor, formerly of Montreal, is in the city registered at the Yale. Mr. Taylor, who comes from Montreal after many years' experience in the oil business in that city, will remain permanently here, having accepted a position with the city. 141 Jasper avenue east, in the new Brown block, and will open up business here. About 1500 tons of goods have already been shipped into the city from the store and furniture line, all of which Mr. Taylor procured in Edmonton, are in the course of installation.

Remarkable on the C.P.R. have erected upon Jasper avenue, a commercial building yesterday afternoon. In the above of the Yale hotel remains the British flag which flew from the peak of the flagpole at the top of the building. The restaurant has been trying for some time to establish an overnight on the part of the busy officials of that corporation.

L. W. Masie, better known to the city as "Black" Masie, is in the city registered at the Windsor. Mr. Masie is in the city of the G. H. Barrow, and is staying over an extra day in an endeavor to get some official arrangement regarding the license. The rate is so quieted some regardless of volume and according to Mr. Masie is very unfair, and he is of the opinion that if some equitable arrangement is not made many of the financial creations will not make this town the coming summer.

Mr. Masie is one of the old school of showmen with a record of sixteen years in the business, and during that time has been connected with many of the greatest of "The Big Top" aggregations, as well as manager of the Olympic in London, England.

If suitable arrangements can be made, the Barnes circus will be in Edmonton May 29, 30 and 31, showing the use of these date in Scotland.

Since February the first, Mr. Masie has made 14,000 mile jumping over the continent in connection with his show.

George Campbell, connected with the firm of P. H. & S. Shirley, contractors on the G.T.P., is at the King Edward with a company with his wife, with whom he returned from Omaha, Neb. Mr. Campbell went down to the city on account of his wife's illness and reached the windy state last in time.

A. Rabant, district manager of the Hudson's Bay Company at Fort Smith, is in the Great River district, in the city, and is on his way to the north country in the next few days.

Hon. Charles Macdonald, candidate for New Brunswick, who spent yesterday in the city registered at the Cecil, left last night for the "senate of halls."

HOUSTON-HORN

At Eskinam mmas, April 2, the marriage of Miss Mabel Laura Horn to the John William Houston was celebrated by Rev. J. E. Duxon. The young couple, both formerly of Seattle, Wash., will reside in Edmonton in future.
